2. Advanced Certificate in Intermediate Phase Teaching

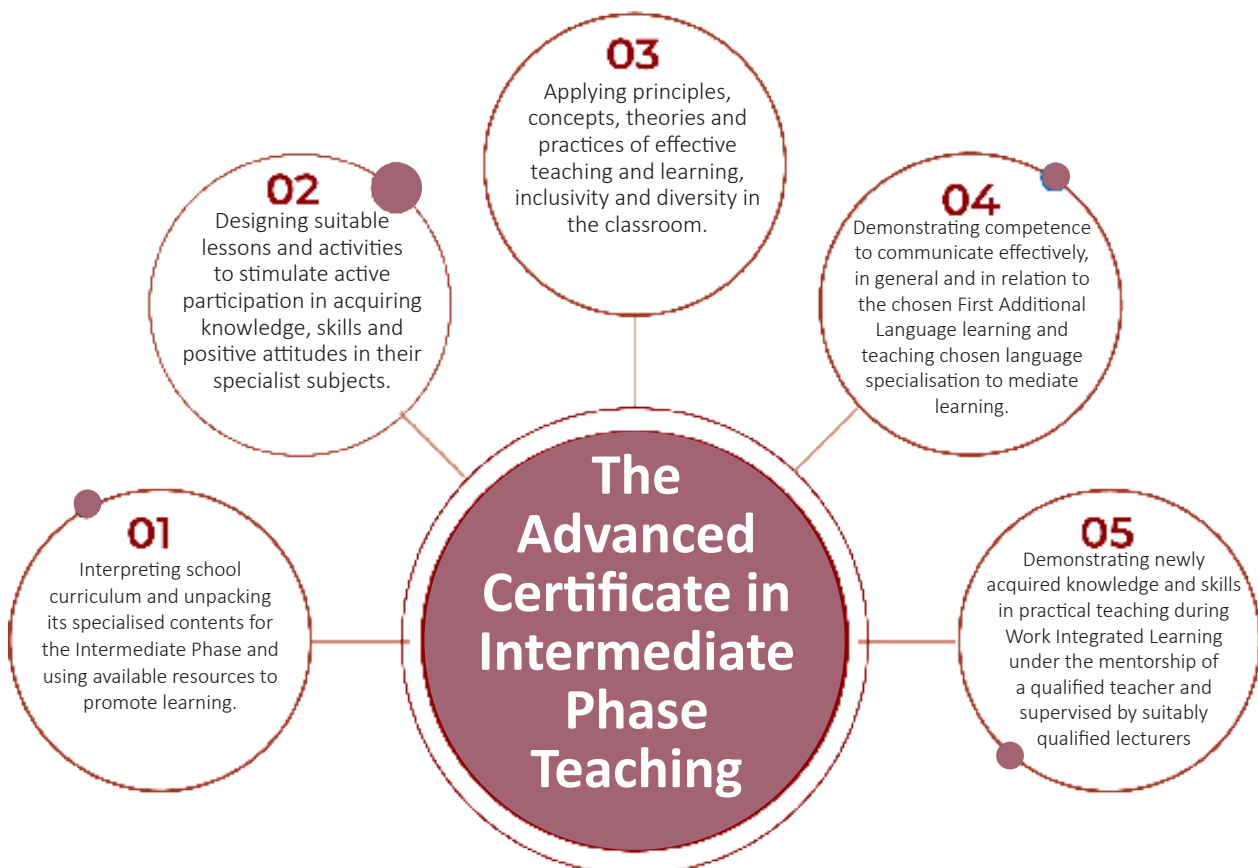

PURPOSE OF THE ADVCERT INTERMEDIATE PHASE TEACHING

Further to the requirements set out in the Government Gazette 38487 of 19 February 2015, Edutel Higher Education views the purpose of the AdvCert (Intermediate Phase Teaching) as:
 Providing a formal qualification-based Continuing Professional Development (CPD) learning programme to provide teachers with opportunities to strengthen or supplement their existing teaching roles, or to develop a new specialisation and interests. In general, this qualification aims to improve teachers' capacity to engage with, support and assist other educators, support staff, learners and parents in Intermediate Phase at classroom and school level, but also in the wider community.
 Two subject specialisations are offered in this Advanced Certificate in Intermediate Phase Teaching qualification:
 Endorsement 1: Mathematics, Science and Technology
 Endorsement 2: Life Skills and Social Sciences
 Both subject specialisations are primarily vocationally oriented. They aim to provide students with a sound knowledge base for teaching learners from Grades 4-6. Students will adopt the ability to apply their knowledge and skills to classroom teaching, while equipping them to undertake more intensive learning in Intermediate Phase teaching.

This qualification has a strong professional focus and enables teachers who have a prior professional teaching qualification, but who did not specialise in Intermediate Phase teaching to teach new subjects or to strengthen their existing subject knowledge and skills. This qualification is therefore developed to equip teachers who want to strengthen their specialisation in Intermediate Phase Teaching or want to progress from an NQF level 5 to an NQF Level 6 qualification in Intermediate Phase Teaching. Alternatively, this qualification allows teachers who are already in possession of a 360 credit professional teachers' diploma or a four-year teaching degree, to be admitted to a Level 7 Advanced Diploma in a cognate field of study.
 The AdvCert (Intermediate Phase Teaching) aims to develop students who meet the admission requirements to become a professionally trained person who demonstrates specific pedagogically focused knowledge and skills appropriate for Intermediate Phase teaching in the South African context. The qualified Intermediate Phase teacher must ensure that each child develops socially, emotionally, physically, morally and intellectually within the diversity of the environment and cultures. Teachers who completed this qualification, will demonstrate ethical professional conduct visible in their duty of care towards the children, their ability to understand diverse backgrounds and the management of their classrooms.

The AdvCert (Intermediate Phase Teaching) a NQF Level 6 qualification has been developed to meet specific national needs to provide prospective, as well as existing teachers, to equip themselves with specific knowledge and appropriate skills, such as.

RECOGNITION OF PRIOR LEARNING (RPL)

In line with the South African Qualifications Authority institutional guidelines and policies, Recognition of Prior Learning may take place and the candidate may be awarded a maximum of 50% of the credits for the programme, based on appropriate assessment of evidence of competence related to the programme and module outcomes.

RPL, as defined nationally by SAQA, applies to informal or non-formal learning only. Learning resulting from formal routes will normally be recognised via Credit Accumulation and Transfer (CAT), but in cases where CAT is found not to be applicable, the RPL route may be explored.

Edutel Higher Education in all, and its RPL and CAT processes ensure that the principles as formulated by the CHE, always underpin its assessment policies and practices. A formal RPL will be followed in line with Edutel Higher Education's RPL policy.

RPL will be used to grant access to or exemption from, modules that contribute towards the AdvCert (Intermediate Phase Teaching). Edutel Higher Education recognises forms of prior learning as equivalent to the prescribed formal minimum admission requirements.

This will be the suggested school where you will complete your WIL. Apart from selecting a qualifying school, the school must also make a mentor teacher available to mentor and assess you during WIL.

Should you register between 21 June and 20 January, you will be required to do your WIL either in August or September. Should you register between 21 January and 20 June you will be required to do your WIL in February or March.

Note: All students must start with the four weeks of teaching practice (WIL) in the second semester of their second year.

Workplace Integrated Learning (Reflective Portfolio of Evidence):

WIL is a compulsory part of the programme where students spend four consecutive weeks of supervised teaching practice at schools during the second semester of their second academic year of study. A final reflective Portfolio of Evidence must be submitted at the end of the study year as part of the final summative assessment of the programme.

The final marks of the student will be composed of three assessments: Mentor Teacher assessment, assessment during a formal visit by an Edutel Higher Education staff member, and the Portfolio of Evidence.

The WIL module requires the student to compile a reflective Portfolio of Evidence that demonstrates their ability to apply and integrate content knowledge from all the different modules in practical teaching situations. Students develop reflective competence by the keeping of reflective journals.

The WIL module provides the students with opportunities to master knowledge and skills required to improve their classroom practice by creating opportunities for:
